# OUR STORY

## From a Few Grams to a Global Legacy – The Journey of Ronga Chah Group

Ronga Chah Group began with humble roots, deeply intertwined with Assam's tea culture. Our family grew tea on ancestral land, surrounded by the rhythms of the garden — where tea wasn't just a crop, but a way of life. From an early age, generations learned the leaf by touch, aroma, and season. In the early days, our tea was shared in small batches with friends, neighbours, and colleagues, sometimes just a few grams at a time. What started as a simple gesture of warmth and pride quickly revealed something meaningful. Indian and international friends alike connected not only with the purity and flavour of the tea, but with its story and origin. That trust and appreciation planted the seed for something bigger.

Inspired by this response and guided by decades of hands-on experience, Ronga Chah Group was born with a clear vision: to bring the authentic taste of Assam to the world, while preserving the soul of our tradition.

# OUR STORY

Over time, our efforts grew into a full-fledged group of companies, dedicated to sourcing, crafting, and exporting premium, single-origin, and rare teas from Assam, with the same discipline one learns from years of practice. As the journey evolved, knowledge was passed from one generation to the next, blending tradition with modern perspective.

Long-term relationships with buyers grew naturally, built on shared values rather than transactions. Over time, Ronga Chah Group expanded its presence across Asia, Europe, the Middle East, Oceania, and the Americas.

Today, Ronga Chah Group stands as a bridge between origin and experience. Behind every cup lies generations of hard work, passion, and learning. At Ronga Chah Group, we do not simply sell tea.

We share a legacy. We bottle memories. We celebrate Assam, one leaf at a time.
